VALLEJO REYES, MARIO ALBERTO

ORCID: 0009-0009-3230-8476 ◇ Date of the CV: October 2026

I. PROFESSIONAL PROFILE

Audio engineer, lecturer and researcher with an MSc in Audio and Music Technology, an MEd in Educational Technology, and a BEng in Audio Engineering. Research experience includes research contracts in the UK and first authorship of four conference papers, presented or accepted at ISMIR, AES and the Tonmeistertagung, with a further paper submitted to ICASSP, alongside a research tool published among the University of York's AudioLab research resources. Two and a half years of teaching experience across the UK and Mexico, including featured talks at Abbey Road Studios in London and Windmill Lane Studios in Dublin. Certified in multiple research and audio production tools, including MATLAB, Pro Tools, and Wwise, among others. Almost a decade working in professional recording studios with credits accumulating 1.8 billion streams and an engineering credit on a Latin Grammy-nominated album.

II. DEGREES

Master of Science in Audio and Music Technology, University of York York, UK, (QS World University Ranking: #169). Degree certificate: 2025. Contact: School of Physics, Engineering and Technology, Heslington, York YO10 5DD, UK; pet@york.ac.uk.

Master of Education in Educational Technology, Da Vinci University Mexico City, Mexico, (Listed in Mexico's Ministry of Education quality-assured graduate programmes). Degree certificate: 2025.

Postgraduate Certificate in Educational Institution Leadership, Anahuac University Mexico, (QS Latin America and the Caribbean Ranking: #73), in progress.

Bachelor of Engineering in Audio, School of Audio Engineering (SAE) Mexico City, Mexico, (est. 1976; campuses incl. New York, London, Berlin & Dubai). Degree certificate: 2023.

III. OTHER EDUCATION AND EXPERTISE

Audio Production: 3D Audio Mixing with Wwise (Audiokinetic, 2025, 4h) [link], Ableton Live (Dubspot NYC, 2013, 3 mo) [link], Dolby Atmos Mixing (LinkedIn Learning, 2025, 2h42) [link], Pro Tools 101 & 110 (Avid, 2017, 24h) [link], REAPER (LinkedIn Learning, 2025, 2h20) [link], Sound Synthesis (Dubspot NYC, 2013, 3 mo) [link], Waves Certification Program (Waves Audio, 2012, 16h) [link] • **Machine Learning:** Audio Classification with TensorFlow (Microsoft, 2025, 1h) [link] • **Programming:** MATLAB Programming (MathWorks, 2025, 3 courses) [link], Python (Univ. of York, York, 2025, 4h) [link], Signal Processing with MATLAB (MathWorks, 2025, 2h) [link] • **Research Practice:** Academic Posters (Univ. of York, York, 2025, 4h) [link], Academic Publishing (IEEE, 2024, 1h) [link], Managing Sensitive Research Data (Univ. of York, York, 2025, 1.5h) [link], Qualitative Interviews (Open University, 2025, 3h) [link] • **Statistics:** Choosing the Right Statistical Software (Univ. of York, York, 2026, 1h) [link]

IV. LANGUAGE SKILLS

Spanish: **Native** **English**: **Advanced (C1)** (TOEFL ITP: 630/677, Jun 2026)

V. CURRENT EMPLOYMENT

Full-time Professor in Music Technology, Tecnológico de Monterrey. Undergraduate teaching and curriculum development. (QS World University Ranking: #187), Querétaro, Mexico, May 2026–Present. Stage on the Finnish four-stage research career model: I (early-stage researcher).

Interim Programme Co-Direction, Music Technology and Production (LTM), Tecnológico de Monterrey. One of the team members sharing the interim academic direction of the programme; in charge of outreach, admissions advising and student induction. Since Jul. 2026.

VI. EMPLOYMENT HISTORY

Research

Research Assistant, AudioLab, School of Physics, Engineering and Tech., University of York [link]. Conducted research on room impulse response analysis for audio signal processing, in collaboration with researchers from Aalto University, Finland. (Full-time), York, UK, Apr–May 2026.

VI. Employment History (continuation)

Research Assistant, School of Physics, Engineering and Tech., University of York [link]. Conducted research on spatial audio for immersive video on the Apple Vision Pro, focusing on people with visual impairments, culminating in a hands-on demonstration workshop for industry professionals. (Full-time), York, UK, Dec 2025–Mar 2026.

Research Trainee, School of Physics, Engineering and Tech., University of York [link]. Conducted psychoacoustic research on reverberation perception for audio description applications. (Part-time), York, UK, Dec 2024–Dec 2025.

Audio Technician, Music Research Centre, University of York [link]. Technical support for studio systems (SSL, Dante, Genelec); sessions in ambisonics, 5.1 and Atmos; stereo recording of concerts and recitals. (Hourly-paid), York, UK, Mar 2023–May 2026.

Teaching

Lecturer, Institute of Contemporary Music Performance (ICMP) [link]. (Hourly-paid), Leeds, UK, Jan–Mar 2026.

Lecturer, School of Audio Engineering (SAE), Liverpool [link]. (Hourly-paid), Liverpool, UK, Jan–Apr 2026.

Lecturer, School of Audio Engineering (SAE), Leeds [link]. (Hourly-paid), Leeds, UK, Sep 2025–Apr 2026.

Teaching Assistant, School of Arts & Creative Technologies, University of York [link]. (Hourly-paid), York, UK, Jan–Jul 2025.

Music Industry

Chief Audio Engineer, Incaible Studio [link]. Led a team of audio engineers delivering end-to-end audio production for high-profile projects in music and film. (Full-time), Monterrey, Mexico, Sep 2021–Dec 2022.

Chief Audio Engineer, LAMBDA Music [link]. Led a team of audio engineers delivering end-to-end audio production for high-profile projects in music and film. (Full-time), Mexico City, Jan 2017–Jun 2021.

Audio Engineer, Sonora Studios [link]. Designed and ran studio sessions; mic/preamp/outboard selection, DAW operation and on-the-fly troubleshooting. (Full-time), Mexico City, Jan 2016–Jan 2017.

Assistant Audio Engineer, LAMBDA Music [link]. Supported professional studio sessions; mic placement, session prep/editing and analog recall documentation. (Full-time), Mexico City, Mar 2015–Dec 2015.

VII. RESEARCH FUNDING & GRANTS

CONACYT National Postgraduate Scholarship. Purpose: Competitive Mexican national scholarship covering full tuition for a Master of Education in Educational Technology. Source: CONACYT (National Council of Science and Technology), Mexico. Type: Full-tuition postgraduate scholarship. 2020–2022.

AudioLab Internal Conference Support Grant. Purpose: To present peer-reviewed research at the Audio Engineering Society International Conference on AI & ML for Audio, Queen Mary University of London. Source: AudioLab, University of York. Amount: £1,000. Type: Conference travel and registration. 2025.

VIII. RESEARCH OUTPUT

Publications (total: 4 conference papers, three accepted or presented and one under review, all as first author)

Vallejo Reyes, M. A., Meyer-Kahlen, N., & Prawda, K. (2026). *Narrowband Truncation of Measured Room Impulse Responses.* [link] Submitted to the IEEE International Conference on Acoustics, Speech and Signal Processing (ICASSP) 2027 (under review).

Vallejo Reyes, M. A. (2026). *Classifying Irish Tune Types from ABC Notation with a Character-Level LSTM.* [link] Accepted at the 27th International Society for Music Information Retrieval Conference (ISMIR), Late-Breaking/Demo Session, Abu Dhabi, UAE.

Vallejo Reyes, M. A., McLoughlin, M., & Kearney, G. (2025). *Perceptual Thresholds of RT60 under Varying Direct-to-Reverberant Ratios.* [link] Presented at the 33rd Tonmeistertagung Conference, Germany.

Vallejo Reyes, M. A., Kearney, G., & McLoughlin, M. (2025). *Perceptual Evaluation of Machine Learning and Non-ML Emulations of the Vox AC30 Amplifier.* [link] Presented at the Audio Engineering Society International Conference on AI and ML for Audio, UK. AES E-Library ID: 23019.

Tools Development

Vallejo Reyes, M. A. (2025). *REAPER Automatic Parameter Sweep and Render.* [link] Custom Lua scripts for automating the batch generation and export of audio material used in perceptual evaluation and psychoacoustic

research. Part of the official research resources of the AudioLab, University of York. DOI: 10.5281/zenodo.16043489.

IX. RESEARCH SUPERVISION AND LEADERSHIP EXPERIENCE

Undergraduate Supervision (individualised academic/pastoral mentoring through monthly sessions)
BSc Audio Production, SAE Institute Leeds. 3 mentees. 2025–2026.
BA Film Production, SAE Institute Leeds. 4 mentees. 2026.
BSc Audio Production, SAE Institute Liverpool. 4 mentees. 2026.

X. TEACHING MERITS

Pedagogical Training

Master of Education in Educational Technology, Da Vinci University (see Section II, Degrees).

Modules Taught

Analogue Studio Techniques [MUS00183C], *Audio Postproduction for Film and Video* [TM2004], *Design of Interactive Music Technology Applications* [TM2005B], *Music Production with Logic Pro* [ICMP], *Principles of Audio* [4FSC0AE001], *Recording Techniques* [4FSC0AE003], *Sound Creativity and Music Production* [TM1001B].

XI. AWARDS AND HONOURS

Academic

Interactive Music System Featured at Game Republic 2024 [link] – My immersive, interactive VR music system, built with Unity, MATLAB and Pro Tools, was selected to represent the University of York at Game Republic 2024 (Staffordshire, UK).

Artistic / Professional

Latin Grammy-Nominated Album Credit [link] – The album *'A los 4 Vientos, Vol. 1 (Ranchero)'* by Eugenia León was nominated for a Latin Grammy. I contributed to several songs, working as assistant and backup audio engineer.
Featured on Apple Music [link] – The song *'Estúpido'* by Adán Cruz, which I mixed in Dolby Atmos, was selected for the 'Hip Hop in Spatial Audio' playlist curated directly by Apple Music.
Productions with Nearly Two Billion Streams [link] – Releases I engineered or produced total about 1.8 billion streams (Muso.ai credit profile, top 2% worldwide among mastering, mixing and recording engineers), including one 4x Platinum, two 2x Platinum and six Gold tracks.

XII. OTHER KEY ACADEMIC MERITS

Invited Lectures

Abbey Road Studios [link]. Presented a case study on pedagogical approaches to teaching analog mixing in higher education. London, 2025.
Windmill Lane Studios [link]. Delivered a talk on pedagogical strategies for teaching spectral processing in higher education. Dublin, 2026.

Expert Evaluator Roles

Judge at Audio Engineering Society Europe Convention 2025 [link]. Invited to serve as a judge for the student Audio for Picture Competition, evaluating submissions for their technical and creative quality. Warsaw, Poland.

XIII. SCIENTIFIC AND SOCIETAL IMPACT

Research Communication and Media

Opinion piece in *Al Diálogo* [link]. Author of *The New Science of Protecting Your Hearing* (published in Spanish), a newspaper article on tinnitus and hearing-loss prevention for a general audience. Mexico, Sep. 2026.
Featured in *York Vision* [link]. Interviewed as the lead researcher behind a listening study comparing a classic Vox AC30 against software and AI-based amplifier emulations, with commentary on how such tools lower the barrier to high-quality sound and on the role of AI as a creative tool rather than a replacement for musicians. United Kingdom, 2026.
